

EtaPower EF

The EtaPower EF is a highly effective fuel efficient stove from Primus. The stove has a high efficiency rate which allows for fast boil times and less fuel consumption, making this a more environmentally friendly stove on the whole than traditional outdoor stoves.

- Built in piezo.
- Windscreen, burner base, 2.1 litre EtaPower pot with heat exchanger, frying pan, handle and a storage bag that can even be used to insulate the pot are all included.
